

FMSAC Notice No. 5

13 September 1971

Formation of
Career Service Panel Advisory Group

1. The FMSAC Career Service Panel has decided to establish a Panel Advisory Group. The purpose of the Panel Advisory Group (PAG) is to act in support of the FMSAC Career Service Panel in examining subjects pertinent to career enhancement and general personnel matters in FMSAC, and to make recommendations on these matters to the FMSAC Career Service Panel. PAG will not make recommendations concerning any particular individual, nor will it have access to personnel files.

2. PAG's main function will be that of improving two-way communication between the Career Service Panel and all non-supervisory personnel. To assist PAG in this function it is requested that any ideas, problems, questions or comments be brought to the attention of a PAG member. PAG will then consider the problem as to whether it is of general interest and if so the Chairman of PAG will make a recommendation to the Career Service Panel. PAG will further attempt to ensure that all actions on group recommendations will be communicated to FMSAC personnel.

3. The initial PAG membership has been selected by the Career Service Panel. The method for future selection has not yet been determined.

a. The membership has been and will be selected from the ranks of GS-13's and below.
